# THE RIGS & ROSTER

## TECHNICAL REQUIREMENTS & STAGE SPECS

- **MONITORING:** The band utilizes a Dual-iPad Digital Mix for all IEMs and floor wedges. Consistent aux sends are required.
- **VOCALS:** The 3-Way Harmony Engine (Martin, Cory, Eddie) is mission-critical to our sound. Please prioritize these vocal balances.
- **POWER:** Please provide (4) dedicated quad-boxes at the following stations: Drums, Steel/Bass, Keys, and Front Stage Center.
- **BACKING TRACKS:** Duo/Trio dates utilize (2) balanced XLR outputs (L/R) for Drums/Bass via our iPad interface.
- **HOSPITALITY:** Secure parking for the touring rig and 2.5 hours for load-in/soundcheck is preferred.

**DAY-OF-SHOW TECH CONTACT: Martin | 619-207-9196**
